

POLO PARK EAST R.O. ASSOCIATION INC.

REVISED CLUBHOUSE AREA

SMOKING POLICY

Overview: The area around the Polo Park East Clubhouse Entrance door has become an area where people attending various functions congregate to smoke. The air and accompanying smell has become offensive and is affecting the health of many residents and guests and has been the topic of complaints from both function attendees and resident mailbox users. Additionally, golfers and pool users are impacted by the smoking. The following revised policy is an attempt to provide a reasonable solution.

Smoking will not be permitted within 100 feet of the Polo Park East Clubhouse building perimeter. This policy also excepts any state or county rules that may allow smoking in other designated areas. This policy is in accordance with Chapter 386 of the Florida Statutes.

*Approved March 10, 2021*
