

POOL HEATING POLICY

Our pool heating policy has been and will continue to be, if the outside air temperature is going to be 70° or higher we will heat the pool water to at least 84° by 10:00 AM.

Note: While or If we still have the solar system we will use both the solar and the gas heaters to heat the water and when it reaches 84° the gas heaters will be turned off and then operate the solar system only.

Approved 12/13/17
