

FIREWOOD STORAGE AT LAKE POLICY

OVERVIEW:

Due to the unsightly nature, excessive amount, and questionable nature of firewood types and sources, this policy is intended to limit the amount and type of material to be stored at the lakefront firepit area and to help insure the safety of potential firepit users and other nearby lakefront users.

POLICY

All firewood stored at the PPERO lakefront requires written approval prior to being placed in the "Lakefront Firewood Storage Area". Approval will be based on available space and the type of material. Only PPERO approved material is eligible for storage approval.

Note 1: Only unpainted and untreated lumber (cut into lengths of 30" or less) and approved tree branches and limbs (cut into lengths of 30" or less) will be approved.

Note 2: Some branches or limbs are unacceptable for various reasons relating, primarily, to safety.

Note 3: This policy relates to storage only. It does not require any approval for individual residents using their own firewood for their personal use at the lake.

Approved 3/13/19 *Amy Boss*
