

HOME MAINTENANCE COMMITTEE PARAMETERS

POLICY

The Home Maintenance Committee is a group of Polo Park East residents, appointed by the Board, that agree to periodically check all homes in Polo Park East for obvious home maintenance violations and make a report to the PPE Board of their findings.

The Home Maintenance Committee has no enforcement powers and should make sure that all homes receive equal scrutiny. Their recommendations should be made based on infractions obvious when walking or driving by each home. Other violations should only come from concerned residents and be addressed by written complaint to the PPERO Board.

It is the responsibility of the PPE Board to decide on the necessary action following a Committee recommendation. It is also the responsibility of the PPE Board to address all complaints.

Approval Date: April 10, 2019
